CURRICULUM VITAE

PERSONAL INFORMATION

Name: Ahmed Yass Khdyer AL Grari
Birth place   (Iraq/Baghdad)
Citizenship: Iraqi
Address in Iraq: Sulaymaniyah, Iraq
Mobile:
Email:

SUMMARY OF QUALIFICATION

- Good experience in computer technology (hardware & software & network administration).
- Good experience in database design & administration.
- Good experience in networks administration & supervision.
- Good experience in computer training as a training manager & lecture.
- Good experience in communication and computer networking.
- Good experience in Digital Image Processing.
- Good experience in IT (Theoretical & practical).
- Good Experience in Teaching in English language
- Good Experience in Academic Management.
-

EDUCATION

2006 – 2009: Atlantic International University (AIU)/ USA .PhD degree In IT.

1997 – 1999: Babylon University, college of science, Babylon, Iraq.
             MSc. Degree in computer science.

1976 – 1980: AL-Mustanserya University College of science, Baghdad, Iraq.
             BSc. Degree in Mathematics.

LANGUAGE

- Arabic, Mother Language.
- English, fluent.

WORK EXPERIENCE

2014-2015: **Cihan university/sulymaniyah / Kurdistan Region /Iraq**
- **Coordinator of Accounting Department**
- **Lecturer in Accounting Department for IT , Computer Applications and Financial Mathematics courses.**

2013-2014: **Cihan university/slymaniya / Kurdistan Region /Iraq**
- **Lecturer in Accounting Department for IT , Computer Applications and Financial Mathematics courses.**

2009-2013: **Abbs Community College, Haja province, Yemen.**
- Head of IT Department.

2008 -2009: **Saba University, college of computer and IT, Yemen, Sana'a.**
- Head of IT and computer science Department.

٢٠٠٦-٢٠٠٨: **University of Modern science, college of Information Technology, Yemen, Sana'a.**
- Head of IT Department.
Lecturer in the following Topics (in English language only):
- DBMS & SQL server.
- Internet and Multimedia.
- Web Site project development and design.
- C++ programming language.
- Operating system.
- Unix
- Linux.
- HTML.
- Web server administration.
- Software engineering.
- Wireless markup language and wireless application protocol (WML & WAP).
- E-Web Publishing & Scripting.
- ASP.
- PHP.

2004-2006: **Queen Arwa University, college of computer engineering & science, Yemen, Sana'a.**
- A head   of computer science department.
Lecturer in the following subjects:
- Theoretical and practical lecturer in **compiler design**.
- Theoretical teaching in **artificial intelligent (AI)** and **prolog** programming language.
- Theoretical and practical lecturer in **data base design**.
- Theoretical and practical lecturer in **neural networks**.
- Theoretical and practical lecturer in **software engineering**.
- Theoretical and practical lecturer in **assembly languages and Microprocessors**.
- Theoretical   lecturer in **DSP**.

2000-2004: **Al-Mansour university college, Baghdad, Iraq Faculty.**
- Lecturer in software engineering department and computer communication engineering department.
- Theoretical and practical Lecturer in **Data structures and algorithms analysis and design**.
- Theoretical and practical Lecturer in **Digital Image Processing**.

- Supervisor of many research for under graduate students.

1999 – 1997: **Babylon University, college of science / computer science department.**
Lecturer in the following subjects:
- Theoretical and practical Lecturer in **computer theory.**
- Theoretical and practical teaching in computer graphics**.**

1986 – 1996: **National computer center (NCC), Baghdad, Iraq.**
- Network supervisor / training manager.
- Supervision a programming team working on Database field and network supervision.
- Working in the field installing and configuring Local Area Network (LAN).
- Troubleshooting and solving PC problems (Hardware & software).
- Perform and conduct computer based Hardware / Software trainings.

1982-1998: **Council of scientific Research, Baghdad, Iraq.**
- Computer operator.
- Systems developer and programmer.
- Systems analyzer.

RESEARCHES

- **The threats of logical bomb** (Computer security conference/ministry of telecommunication, Baghdad, Iraq 2000).
- **Image Morphing and warping Impacts in cinema industrial** (Babylon university scientific conference Babylon, Iraq 1999).
- **Plants extinguishing by Images classification** (Al-Mansour university collage scientific conference Baghdad, Iraq 2002).
