

Dr. Kusay Faisal 's Profile:

Dr. Kusay Faisal was born in Sheffield, UK, 1977. Received B.SC in electrical and electronics engineering in year 2000. Received M.Sc. and Ph.D. degrees in telecommunication engineering from University Technology Malaysia (UTM) in 2007 and 2013 respectively.

He did researches in Wireless communication, Radar, Satellite, LMDS, HAPS, broadband wireless access, and wireless networking fields. Currently he is a lecturer in the faculty of computer science at Cihan University, Sulaimanya, taught the following subjects:

- Microprocessor structure
- MATLAB Programming
- Operation research
- Account software package
- English for computer science
- Computer Skills

He also could teach following subjects:

- 1) Theory of computation
- 2) Probabilities Theory
- 3) Research methodology
- 4) Logic design
 - Satellite
 - Radar
- 5) Telecommunication engineering
- 6) Circuit theory analysis
- 7) Electromagnetic theory
